Dear Ms. Dickerson,

This is to confirm that the State of Tennessee Drinking Water Laboratory Certification Program has approved the Environmental Hazards Services Laboratory (TN04906) for Drinking Water Laboratory Certification in Chemistry by reciprocity with the State of Virginia under the Safe Drinking Water Act.

The certification is valid through December 14, 2024, unless withdrawn earlier.

Results of future evaluations made by the State of Virginia and/or USEPA such as performance evaluation reports, on-site audits, certifications, or changes in personnel, etc., should be forwarded to this office. Should the State of Virginia withdraw certification of your laboratory, certification by the State of Tennessee shall likewise be revoked. Please continue to use the identification number TN04906 when submitting analytical data or other correspondence to this office.

If you have any questions, please contact me at prasad.subbanna@tn.gov, or at (615) 532-0181.
