Julie Dickerson
Environmental Hazards Services, LLC
7469 Whitepine Road
North Chesterfield, VA 23237-2261

Laboratory No: 9125
Effective Date: 12/15/2025

Dear Julie Dickerson:

SUBJECT: Laboratory Certification

The information prepared for and submitted to this office by your laboratory has been reviewed. Based on the Commonwealth of Virginia, Division of Consolidated Laboratory Services Certification of Environmental Hazards Services, LLC., the Michigan Department of Environment, Great Lakes, and Energy (EGLE) will accept the results generated by your facility for compliance monitoring under the Michigan Safe Drinking Water Act, 1976 PA 399, as amended. The results that will be accepted are for the following contaminants and certification levels:

Inorganic Chemistry
Certified Parameters:

Copper and Lead (via U.S. EPA Method 200.8, Rev. 5.4)

Our acceptance of results and certification of Environmental Hazards Services, LLC., is contingent on your continued certification by the Commonwealth of Virginia Division of Consolidated Laboratory Services. In addition, your laboratory's certification in Michigan is contingent on your laboratory submitting to this office at least one full set of U.S. EPA proficiency test sample results per year throughout the certification period and the results of any on-site inspections conducted by the Commonwealth of Virginia Division of Consolidated Laboratory Services or their agents.

This Certificate of your facility will expire on September 30, 2026.

Your certification fees are paid until April 12, 2028. **The laboratory is required to forward the certificates and on-site inspection report with the laboratory's corrective actions once you renew any certification in your home state.** Provided you maintain fully certified status through the Commonwealth of Virginia Division of Consolidated Laboratory Services you will be reissued reciprocal certification for the State of Michigan without charge until the expiration date of your home state certification exceeds the "Fees Paid to Date" on your Michigan certification. Seven months in advance of your "Fees Paid to Date" you will be sent a certification renewal package and assessed the fee for the upcoming three-year period. Certification fees are non-refundable.

At your option, you may display the enclosed certificate. If you have questions regarding this information, please contact me by phone at 517-930-7040 or by email at lundyg@michigan.gov.

Sincerely,

Gregg A. Lundy
Laboratory Certification Officer
